

EUROCENTRAL SIMULIA Regional User Meeting June 24-25, 2024

SIMULIA Regional User Meeting – EuroCentral June 24–25, 2024 – Welcome Kongresshotel Bamberg, Germany

We are excited to announce the 2024 EuroCentral SIMULIA Regional User Meeting (RUM).

The Regional User Meeting is a user-focused event, concentrating on our technologies and your experiences, making this a place where our users can meet, share ideas, network, and meet with the SIMULIA experts.

Attendees can expect to hear customer presentations, updates and demonstrations of our innovative solutions from R&D on our key disciplines, tools and products, including: Abaqus, fe-safe, Isight, Tosca, Simpack, CST Studio Suite, Opera, PowerFLOW, XFlow, Wave6 and 3DEXPERIENCE.

This year a special section will focus on the transformation of the Transport & Mobility industry. We will hear how experts, designers and project leaders can collaborate, innovate and disrupt, demonstrating the game-changing power of using simulation in the MODSIM context.

What to expect:

- Grasp the industry transformation happening thanks to 3DEXPERIENCE platform.
- Discover how industry leaders are using the SIMULIA Portfolio.
- Exchange with peers and attend SIMULIA customers presentations on their technology challenges.
- Learn by technology updates and by discussions with technical experts on popular topics and much more!

Don't miss this opportunity to be part of your simulation and industry community!

The evening before the event, we invite you to a GetTogether. You will find the details under practical information on the webpage. Places are limited. Please register early.
